

Onsite Septic System Impact Affidavit

I, _____, owner of the property at

_____, verify that the building project

described as a _____ at this location:

will include plumbing *full bath half bath (circle one)

will not include plumbing

**the installation of a full bath in a secondary building creates the conditions for potential dwelling space.*

will include the addition of _____ bedrooms

will not include increasing the current number of bedrooms

I understand that completing this document does not prohibit the ability to install plumbing and/or add bedrooms at a later date, provided that a plumbing permit is obtained from the State Plumbing Inspector, and the Oldham County Health Department is contacted for the evaluation of on-site septic system issues (if applicable).
